## Tabernacle Work Is Progressing Nicely

Work on construction of the Baptist tabernacle in Belle Glade is progressing nicely this week. Five laborers are being used and those in charge are gratified that such a large number have donated their services. However, it will be necessary, they said, for many more to offer aid if the building is to be completed in the near future.

## ALFAR BUILDING NEAR COMPLETE

Windows In and Roof On; Work of Building Cold Rooms Is Under Way

Sub—Windows in and Roof On. The new Alfaro Cannery plant in Belle Glade is fast nearing completion with the roof on and the windows put in place this week. Workers are now building the two cold rooms in which the cannery products will be kept. These rooms are being lined with cork and when finished will be of the latest modern and up-to-date construction.

Machinery for electrical refrigeration is already at the plant and will be installed just as soon as the cold rooms are completed. Electricians have been busy roughing in process and await only an opportunity to finish their job.

Trucks have been busy filling in the lot around the new building and when this task is complete and some landscaping done the Alfaro plant will be another attractive addition to the town.

Several loads of muck have been used to fill in the plot and this is being topped with sand and gravel, thus making a serviceable driveway from the Belle Glade-Pahokee road.

Workers would not commit themselves as to when the building would be completed and ready for service, but at the rate things are being pushed to completion around the plant it will be only a matter of a few weeks before it is opened to the public.

## BRICK WORK UP ON CANAL POINT SCHOOL BUILDING

Rapid Progress Has Been Made Since New Set-Up Two Months Ago

Practically all of the brick work on the new Canal Point school building is completed and workmen are now engaged in putting the roof on the several rooms. The building is being pushed to completion around the plant it will be only a matter of a few weeks before it is opened to the public.

For several months work on the building lagged from month to month with no appreciable amount of progress being made and as a result a new set-up was made a little over two months ago.

E. O. Mix, of West Palm Beach, was sent to Canal Point and put in charge of construction. Since that time progress has rapidly been made on the building and folks of Canal Point realize now that the building will eventually have a new school for the youngsters of the community.

Starting Monday morning ceiling studs will be put in place and rafters will be cut and placed. The plumbing has been roughed in and as soon as progress will permit this particular part of the job will be completed. Electricians are also busy on the job of placing the wires and switch boxes.

It is hoped that fitting will be started immediately following the election of the next school board. The first stone on the corner will be put on next week, Mr. Mix said.

The new building will contain nine class rooms and will be one of the finest school buildings in the county when completed.

## PLAY SEEBRING

The Pahokee high school football team will meet Seebing this afternoon on the Seebing field. Coach Hillen's men are in fine condition for the game and local fans are hoping for another victory.

Dr. Wilbur Young was a business visitor in West Palm Beach Friday.

# THE EVERGLADES NEWS

CANAL POINT, PALM BEACH COUNTY, FLORIDA, FRIDAY, DECEMBER 7, 1934

## AIRPLANE USED TO DUST BEANS IN 'GLADES

This airplane isn't on fire; it's just busy dusting a bean field in the Everglades. The dust, an insecticide preparation, is blown from the wings of the machine and settles down on the bean vines. As can readily be seen this is a much quicker way to dust beans than with hand labor or even one drawn by mules or a tractor. And when the field contains 250 acres, as this one of N. N. Stirling's near Belle Glade does, time is an important element. Mr. Stirling engaged a commercial spraying and dusting concern in Miami to come to the Lake Okechobee region recently to make the first experiment in treating beans from the air.

## DADDY FAGG WILL APPRECIATE HELP THIS CHRISTMAS

Gifts of Most Any Kind Will Be Welcomed at Children's Home

Christmas Day—for the several hundred little orphan and homeless Florida children under the care of the Children's Home Society of Florida—will be a sad, unhappy and disappointed day, unless good gifts are sent to them. The Children's Home Society of Florida is a non-profit organization and its funds are derived from the contributions of the public. It is a charity and its funds are derived from the contributions of the public. It is a charity and its funds are derived from the contributions of the public.

## Glades Offer Opportunity For Those Who Will Stick

By Howard Sharp

Along about 1920, a matter of 14 years ago, I wrote a story of a visit to the Lake Okechobee region in which was the statement, "The Everglades at its worst look good." That was before reclamation by drainage had advanced its benefits to the present stage; there was a cycle of dry years in which farming was a possible without drainage, then, along about 1920, there was a flood that made things rather bad—put the Everglades at its worst. But at its worst, "The Everglades looked good." It looked good to me, anyway, even at that remote time.

There have been hard times throughout the nation for several years and it is not too difficult to imagine the conditions here. The Everglades are the sweet conditions the country has ever known, and they have attracted the Everglades, but again it can be said, "The Everglades in the time of worst conditions look good."

The story of the visit to the Glades in which this phrase, the quoted words, was used is printed in the Palm Beach Post. Some after, D. H. Coaling, the publisher of the Post, attended a meeting of a publishers' association; he was told a good deal by his fellow publishers about the seeming contradiction in terms, the "sweet conditions" of the Glades in 14 years there is evident vindication of the phrase to warrant its use again, as a challenge to the critics and the doubters.

The reorganization of the Pahokee Chamber of Commerce impels me to this article and its reminiscences, the reminiscences for the purpose of comparison and contrast, not to "boast," but to show that the Glades are hard luck, but the home-makers have succeeded. The early fishermen who there is no mistaking.

## FUNERAL SERVICES CANAL POINT MAN

Funeral services were conducted yesterday afternoon for Jerome Swart, 71, who died Tuesday afternoon at a West Palm Beach hospital following an operation at the Miami-Sentral chapel in West Palm Beach. Burial was made in the Woodlawn cemetery.

Mr. Swart came to the Everglades several years ago to engage in the mercantile business and for many years has conducted a store north of Canal Point. He was a member of the Harmonia lodge, No. 128, F. and A. M. of West Palm Beach and of the West Palm branch of the B'nai B'rith lodge of Elks. He was also a member of the Palm Beach Shrine club.

The deceased is survived by one brother, Harry Swart, of Winnipeg, Canada.

After attempting conciliation of the estate, the business and insurance will be set to arrange voluntary settlement. If this fails, refinancing will be attempted, possibly through a federal lending agency. As a last resort, if conciliation fails, the estate will be sold to a home in Atlanta, Georgia by the serious illness of his two-year old daughter, Rose.

Sebring News: Some of the things for which we live in Florida are the sun, the sea, and the sun shines every day, that an overcoat is something you keep hanging in the closet to stifle any longing you may have to go up north, that you will probably live the next ten years longer than you would if your home was elsewhere, that you can go fishing any day of the year, and we might add that Florida's girls are sweeter, more beautiful and more interesting than the fairest in other lands.

Port Myers News-Press: The energetic Gilbert Freeman, editor of the Aven Park Pilot and Col. Mr. Freeman has been on the inside of the comptroller's office for the last couple of years and he knows, without qualification, that the state has enough taxes now to yield all the money it will need in the future.

Mr. Doris Topic: "They take" changes in Tampa. On the Cleveland public square in that city, says the Cleveland Tribune, there is an outdoor forum dedicated to free speech, a young man named "The Day" and who is reading some sort of a document to a policeman who is charged to the police. He was hailed by the public as a hero, and the policeman, who is a very good fellow, has been ordered to leave the square.

## The Christian and the Lord's Supper

Text: I Corinthians 11:23-24  
 The International Christian Sunday School Lesson for Dec. 10.

BY WM. E. GILROY, D. D.  
 Editor of Address

The institution of the Lord's Supper, as a symbol of remembrance and communion with Christ, is a subject of deep interest to all Christians. It is a subject which has been discussed by the great theologians of the church, and it is a subject which has been discussed by the great theologians of the church.

Whether the Lord's Supper had been already instituted and Paul was linking it for new disciples in the church with the teaching of Christ with His disciples in the upper room on the night that He was betrayed, is not clear in the New Testament. It is clear in the New Testament that Paul was linking it for new disciples in the church with the teaching of Christ with His disciples in the upper room on the night that He was betrayed.

THE sacrament of the Lord's Supper is first of all in Paul's thought a memorial. It is a memorial of the death of Christ, and it is a memorial of the death of Christ. It is a memorial of the death of Christ, and it is a memorial of the death of Christ.

It is a memorial of the death of Christ, and it is a memorial of the death of Christ. It is a memorial of the death of Christ, and it is a memorial of the death of Christ. It is a memorial of the death of Christ, and it is a memorial of the death of Christ.

It is a memorial of the death of Christ, and it is a memorial of the death of Christ. It is a memorial of the death of Christ, and it is a memorial of the death of Christ. It is a memorial of the death of Christ, and it is a memorial of the death of Christ.

It is a memorial of the death of Christ, and it is a memorial of the death of Christ. It is a memorial of the death of Christ, and it is a memorial of the death of Christ. It is a memorial of the death of Christ, and it is a memorial of the death of Christ.

It is a memorial of the death of Christ, and it is a memorial of the death of Christ. It is a memorial of the death of Christ, and it is a memorial of the death of Christ. It is a memorial of the death of Christ, and it is a memorial of the death of Christ.

It is a memorial of the death of Christ, and it is a memorial of the death of Christ. It is a memorial of the death of Christ, and it is a memorial of the death of Christ. It is a memorial of the death of Christ, and it is a memorial of the death of Christ.

## GLADES AFFAIRS

A man who was traveling in Arkansas came upon the house of a settler whose roof leaked and he asked the settler why he did not repair it. "When it's raining I can't and when it isn't I don't need it," the settler explained. This is the principle upon which some south Florida affairs are handled in the tourist season and the beach shipping season people are too busy to do certain things they know they ought to do, and in the summer they can't do the things because "it's raining."

GREATNESS MARKS SCREEN PLAY "SERVANTS ENTRANCE" IN COMEDY-ROMANCE

Reunited for the first time since their initial co-starring venture made "State Fair" memorable, Janet Gaynor and Lew Ayres will be seen again as the gay young sweethearts of "Servants Entrance" when the newest of important Fox pictures opens on Sunday and Monday at the Prince Theatre in Pahokee.

Unlike anything in which they appeared before, the story of "Servants Entrance" will afford spectators the opportunity to laugh at the troubles as they thrill to the romance of the madcap lovers whose young lives it depicts. For the heavy drama in spots, "Servants Entrance" is mostly in the romantic-comedy class.

In their newest roles Janet portrays a merry millmaid-betress of an automobile manufacturer who goes from riches to poverty, and back again, while Lew is a chauffeur who goes from poverty to riches. Starting from opposite rungs of the social ladder, they meet at the bottom. The climb upward is fraught with humorous and fascinating adventures.

GREATNESS MARKS SCREEN PLAY "SERVANTS ENTRANCE" IN COMEDY-ROMANCE

Reunited for the first time since their initial co-starring venture made "State Fair" memorable, Janet Gaynor and Lew Ayres will be seen again as the gay young sweethearts of "Servants Entrance" when the newest of important Fox pictures opens on Sunday and Monday at the Prince Theatre in Pahokee.

Unlike anything in which they appeared before, the story of "Servants Entrance" will afford spectators the opportunity to laugh at the troubles as they thrill to the romance of the madcap lovers whose young lives it depicts. For the heavy drama in spots, "Servants Entrance" is mostly in the romantic-comedy class.

In their newest roles Janet portrays a merry millmaid-betress of an automobile manufacturer who goes from riches to poverty, and back again, while Lew is a chauffeur who goes from poverty to riches. Starting from opposite rungs of the social ladder, they meet at the bottom. The climb upward is fraught with humorous and fascinating adventures.

## Dionne Quintuplets Doing Well, Thanks!

Copyright, 1934, all rights reserved.

The world was amazed when five baby girls were born to Mrs. Olivia Dionne in the sparsely populated, north country near Corbin, Ont., Canada, some six months ago. There was little hope at that time that the babies would survive. But thanks to the care given them by Dr. Daniel R. Duff, born-again left they are as healthy and happy as any normal infants. Look at them yourself! From left to right, below, they are: Yvonne, Annette, Cecile, Emilie, and Marie. At bottom right is Olivia Dionne, their father, together with their five brothers and sisters, and, in inset, their mother.

## Re-side Family Reunions by Telephone

Families and friends become scattered with the years and we miss their smiling faces and merry voices—more especially at Christmas time. Probably you are wishing now that you could visit them this Christmas. Why not? Are they too far away? You can't get away? Or is it that it costs too much? Then who can surprise them this holiday season with a telephone visit instead? You can reach them anywhere by telephone. Distance doesn't matter.

A voice by telephone, you will find, has the personal charm of a face-to-face visit, is convenient and costs little wherever you call. For example, by using Station-to-Station service you can talk with folks fifty miles away for about 15c, and a hundred miles for around 55c, and greater or less distances at correspondingly low cost.

If you can't go in person, go by telephone.
